1. Introduction

A RM schedules meetings with his/her customer or prospective customer to assess the potential business opportunities and to gauge his state of mind. As a part of these meetings, the RM will incur some expenses while meeting the customer. A provision is available to capture the expenses incurred by the RM from client meetings.

2. Prerequisites

S No	Process	Reference Document
1	Customer, Prospect and Lead Onboarding	Journey of lead to prospect and prospect to customer
2	User Maintenance	Journey of Defining Maintenance
