1. Introduction **4**
2. Solution **4**

1. Introduction

While placing an order in the RM Office and Client Portal, currently we are showing a risk deviation message with description for customers with a risk profile as very aggressive.
As per the latest requirement the risk deviation message should be replaced with Product Risk Rating along with the disclaimer.

2. Solution

- **RM Office**

2.1. In product selection summary - When the user receives the below pop up *(image1)* the value of 'Product Risk Class' needs to be changed to digits between '1 to 6' based on the risk class of the product.

2.2. Below the product risk class box and above disclaimer a one liner has to be shown stating: ** Product rating ranges from 1 to 6, 1 being the lowest risk and 6 being highest risk.

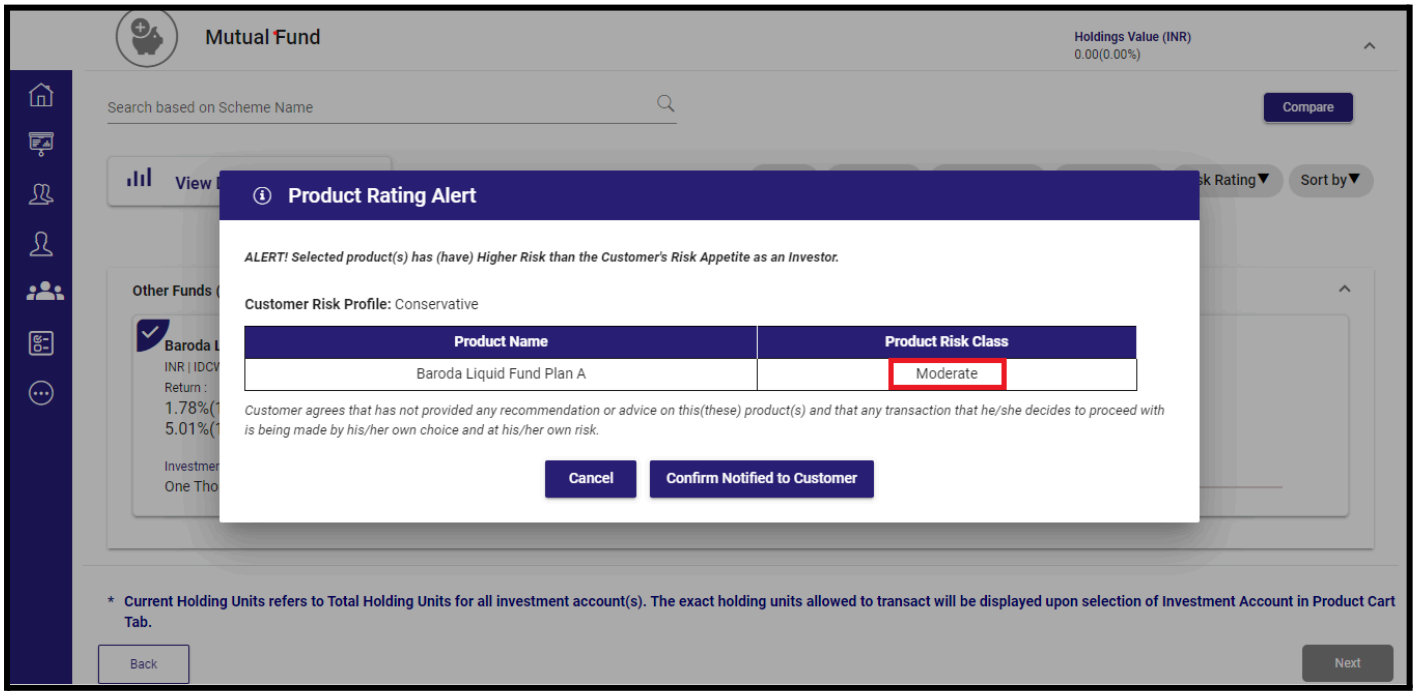

Image- 1

2.3. In the Product Selection screen as shown in the below image *(image 2)* we are showing risk rating as description, it should be changed to risk rating codes between 1 to 6 based on the risk rating of the product. Tooltip to be changed to Risk Rating : 1 based on the risk rating of the product.

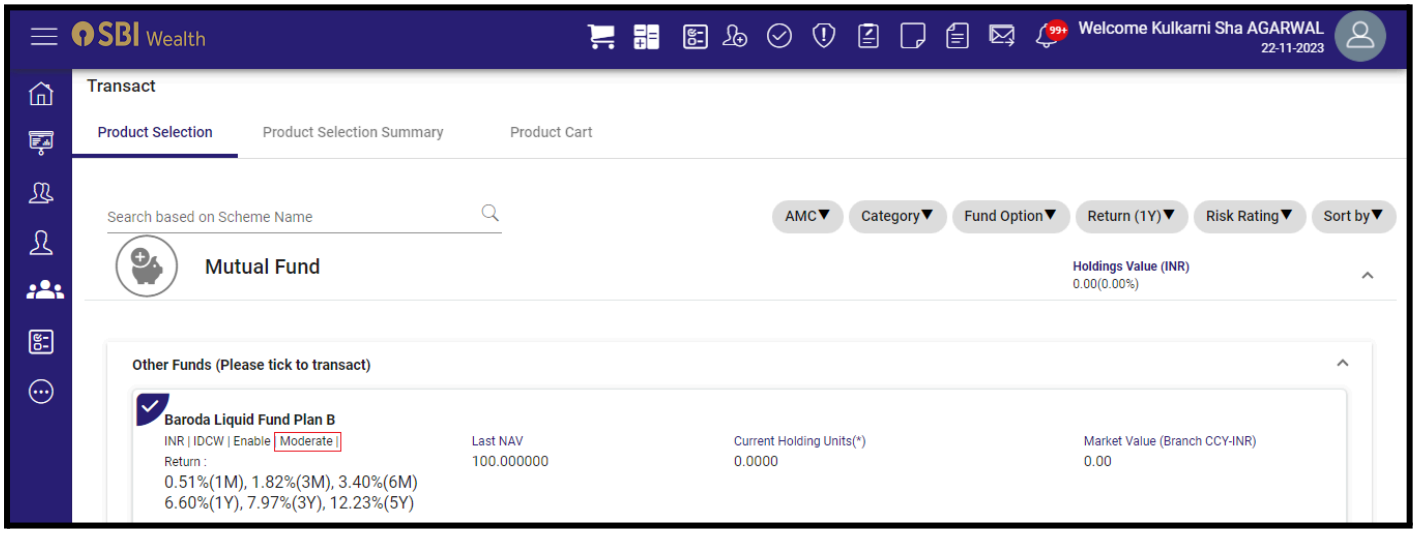

Image- 2

2.4. Filters in Product Selection Screen- As shown in the below image *(image 3)* Risk Rating dropdown values need to be changed to codes between 1 to 6 based on the risk profile of the product.

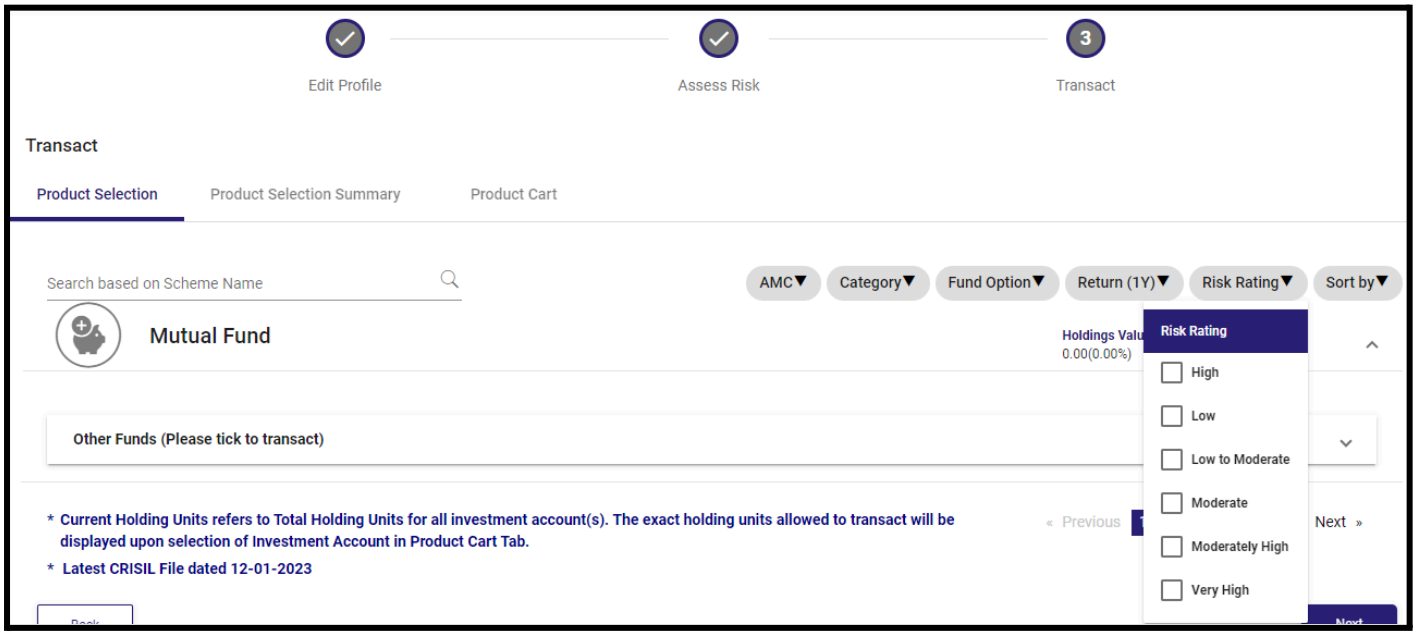

Image- 3

2.5. In the Product Selection Summary screen as shown in the below image *(image 4)* we are showing risk rating as description, it should be changed to risk rating codes between 1 to 6 based on the risk rating of the product.
